

PRESS RELEASE

3 April 2023

Marcel Dickmann becomes new COO of the CORIUS Group

Munich. Marcel Dickmann is the new Chief Operating Officer (COO) of the CORIUS Group as of 1 April 2023. The 39-year-old is responsible for the areas of marketing, regional management, IT/digitalisation and data protection in particular in the newly created role, allowing Heidi Niemöller (CEO) and Gary Rölle (CFO) to focus more on strategic issues and the group's growth in Europe in the future.

The CORIUS Group is expanding its senior management team in recruiting Marcel Dickmann as COO to assist with the group's increasingly international business. 'The CORIUS Group was founded in 2017, and since then it has grown rapidly,' according to Heidi Niemöller, CEO of the CORIUS Group. 'Our goal of becoming Europe's leading group for dermatology and phlebology practices and clinics requires a rethink. Marcel Dickmann is an experienced pair of hands to guide and steer our operations for the future, with a focus on our core market in Germany.'

In recent years, Marcel Dickmann has gathered experience in business and clinic management, including at AllDent Zahnzentrum Frankfurt GmbH, ARTEMIS Augenkliniken, and MVZ. Most recently, he was Chief Operating Officer at Viselle Augenzentren.

In his new position as COO of the CORIUS Group, Marcel Dickmann is responsible for developing and implementing operational processes and projects. 'I'm looking forward to working closely with the various teams from head office as well as our practices and clinics,' the 39-year-old says. 'The CORIUS Group has a fantastic vision that's sustained by a strong network and committed employees. Together we can design the future of dermatology and guarantee comprehensive care – working today while looking to tomorrow.'

About the CORIUS Group

The CORIUS Group is a network of dermatology and phlebology practices and clinics in Germany, the Netherlands and Switzerland. The group's main goal is to design the future of medicine and guarantee comprehensive care. Personalised successor models, attractive career opportunities and a significantly lighter administrative burden for medical staff make the CORIUS Group a strong, dependable partner. Since it was founded in 2017, the network has expanded to include around 50 locations, united by one goal: to design the future of dermatology.
