12 May 2025

## **CORIUS Group adds two new locations in the Hochtaunuskreis to its network**

### **MVZ MediCorium joins the network as of 1 April 2025**

**Munich/Oberursel/Friedrichsdorf. As of 1 April 2025, the MVZ MediCorium – Zentrum für Dermatologie und Ästhetik is part of the CORIUS Group. The renowned practice, founded by Dr Daniela Greiner-Krüger in 2001, provides a wide range of dermatological and aesthetic treatments at its Oberursel and Friedrichsdorf locations.**

MVZ MediCorium was founded by Dr Daniela Greiner-Krüger in 2001 and has made a name for itself as a leading dermatology practice in the Rhine-Main region. Spread across two locations in Oberursel and Friedrichsdorf, an experienced team of doctors offer a wide range of services – from preventing and treating skin cancer to allergology and aesthetic treatments including wrinkle treatment, laser therapy and skin rejuvenation.

In addition to its clinical expertise, MVZ MediCorium has a modern, inviting practice design that provides an environment where patients feel at ease. The rooms are spacious, bright, and equipped with state-of-the-art technology to guarantee treatment in a trusting atmosphere. The focus is not only on the treatment but also on comprehensive advice regarding skin health and individual therapy options tailored to patients' needs.

This integration will have numerous benefits for both the medical team and patients. 'Our goal is to keep our partner practices free to provide patients with the best possible care. We support the practice through administrative relief, professional-development opportunities and cross-location exchange with experts from our network,' explains Heidi Niemöller, CEO of the Corius Deutschland GmbH. 'Plus, our network will also benefit from Dr Greiner-Krüger's expertise. With her, we gain an extremely experienced and renowned doctor who, along with her team, will enrich our group, and her commitment to quality care aligns perfectly with the values of the CORIUS Group.'

## About the CORIUS Group

The CORIUS Group is a network of dermatology and phlebology practices and clinics in Germany, the Netherlands and Switzerland. The group's main goal is to design the future of medicine and guarantee comprehensive care. Personalised successor models, attractive career opportunities and a significantly lighter administrative burden for medical staff make the CORIUS Group a strong, dependable partner. The common goal: to design the future of dermatology and phlebology.
